ENROLMENT AND ORIENTATION POLICY

Mandatory – Quality Area 6

PURPOSE

This policy will outline:

- the criteria for enrolment at Parkdale Preschool
- the process to be followed when enrolling a child at Parkdale Preschool, and the basis on which places within the programs will be allocated
- procedure for the orientation of new families and children into Parkdale Preschool
- processes to ensure compliance with legislative and DET funding requirements in relation to the enrolment of children in early childhood education and care services

POLICY STATEMENT

1. Values

Parkdale Preschool is committed to:

- equal access for all eligible children
- meeting the needs of the local community
- complying with DET funding requirements relating to the enrolment of children in government-funded kindergarten places
- complying with the Public Health and Wellbeing Act 2008 amendment known as “No Jab, No Play”.
- maintaining confidentiality in relation to all information provided on enrolment forms
- ensuring all families are welcomed and receive an effective orientation into the service.
- supporting families to meet the requirements for enrolment through the provision of information

2. Scope

This policy applies to the Approved Provider, Persons with Management and Control, Nominated Supervisor, early childhood teachers, educators, staff and parents/guardians who wish to enrol or have already enrolled their child at Parkdale Preschool.

3. Background and legislation

The *Education and Care Services National Regulations 2011* require approved services to have a policy and procedures in place in relation to enrolment and orientation (Regulation 168(2)(k)).

It is intended that all eligible children (refer to *Definitions*) will have access to one year of funded four year old kindergarten before commencing school. Parkdale Preschool also offers a three-year-old kindergarten program. However, a shortage of places in some areas can limit choices for parents/guardians. Where demand is higher than availability, a priority system for access must be determined by the Approved Provider in order to allocate the available places. The criteria used to determine the allocation of places will vary from service to service, but is generally based on a service's philosophy, values and beliefs, and the provisions of the *Equal Opportunity Act 2012*. The Victorian Government requires funded organisations to ensure that their policies and procedures promote equal opportunity for all children. Criteria for access and inclusion are outlined in *The Kindergarten Guide* (refer to *Sources*). Services participating in central enrolment schemes are required to comply with the enrolment procedures of that scheme. Parkdale Preschool participates in a central enrolment scheme for its funded four-year-old program, and allocates children into groups following enrolment through that scheme. The central enrolment scheme does not apply to the three-year-old program, and therefore Parkdale Preschool manages the allocation of available places in accordance with its own Eligibility and Access criteria.

Immunisations are an effective means of reducing the risk of vaccine preventable diseases. Early childhood education and care services which are regulated under the *Education and Care Services National Law Act 2010* have legislative responsibilities under the *Public Health and Wellbeing Act 2008* to only offer a confirmed place in their programs to children with acceptable immunisation documentation (refer to *Definitions*).
